

# Bridal Makeup x Party Makeup

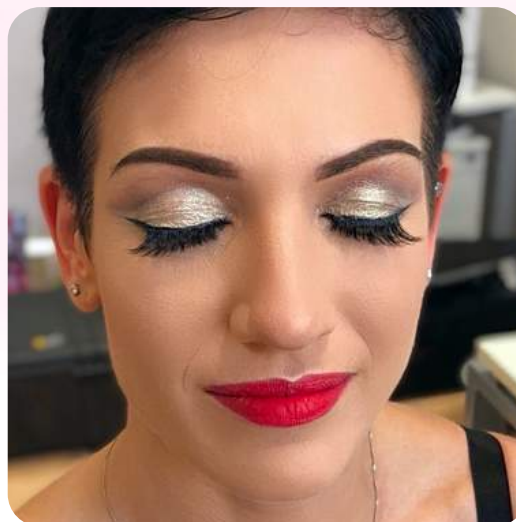

From the moment you decide to walk down the aisle you are already imagining that special day joined with your loved ones. At My Beauty Squad we have dedicated a lot of time into providing all brides with an amazing and relaxed experience. That's why a bridal service is never the same as a regular service. This is mainly due to the fact that there are special steps we need to take with a bridal service that are exclusive to ensure the makeup is appropriate for photography and it lasts all day long.
